**IDEAS  
THAT  
WORK**

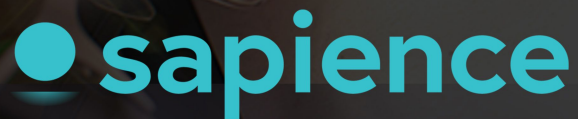

**CLIENTS**  
AND PARTNERS

**HOSTEL POINT, BOSTON** is a booking and social platform that allows to book hostels based on mutual interests and activities, and communicate with each other before and throughout their trip.

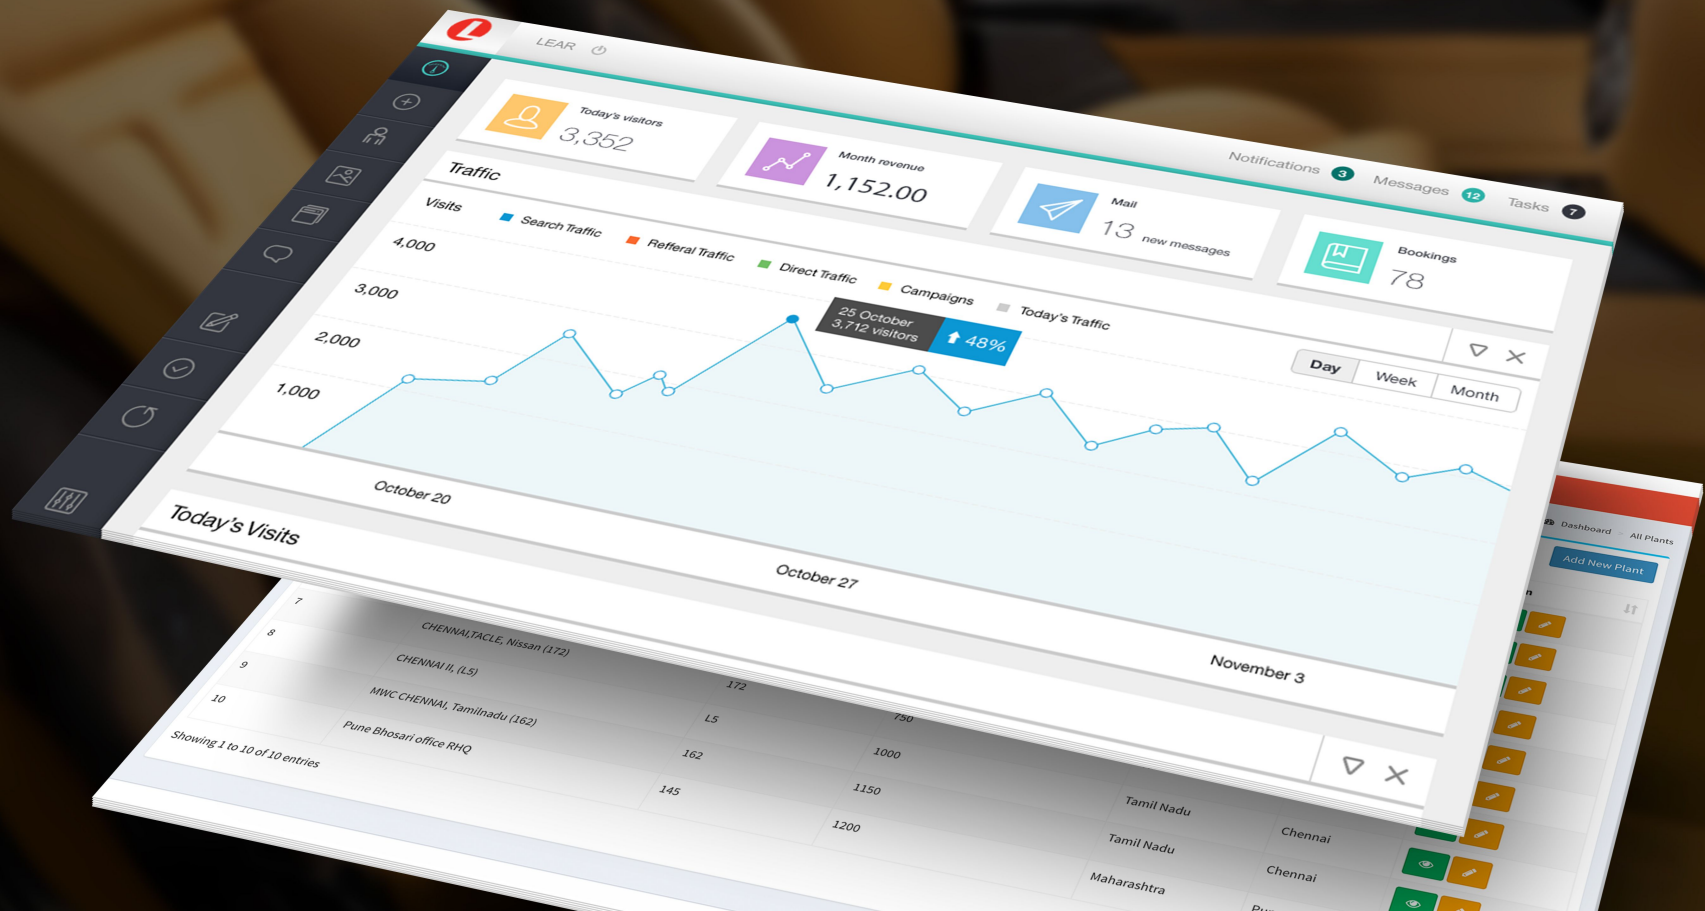

Sapience Analytics, the market leader in the rapidly growing People Analytics segment. Sapience Analytics helps companies audit staff's time spent at work. Sapience Analytics' eponymous solution provides employees with a daily balance-sheet of time spent at office and that spent on work.

Sapience is being used in 18 countries, by over 90 clients, with over 200,000 active users.

Sapience was founded with a vision to transform people, processes, and employee productivity. With dashboards that deliver insights about how time is spent, people can budget time more effectively. Hours don't disappear anymore. Instead, they're used wisely and well, so work-life balance and high employee productivity become everyday realities, not impossible goals.

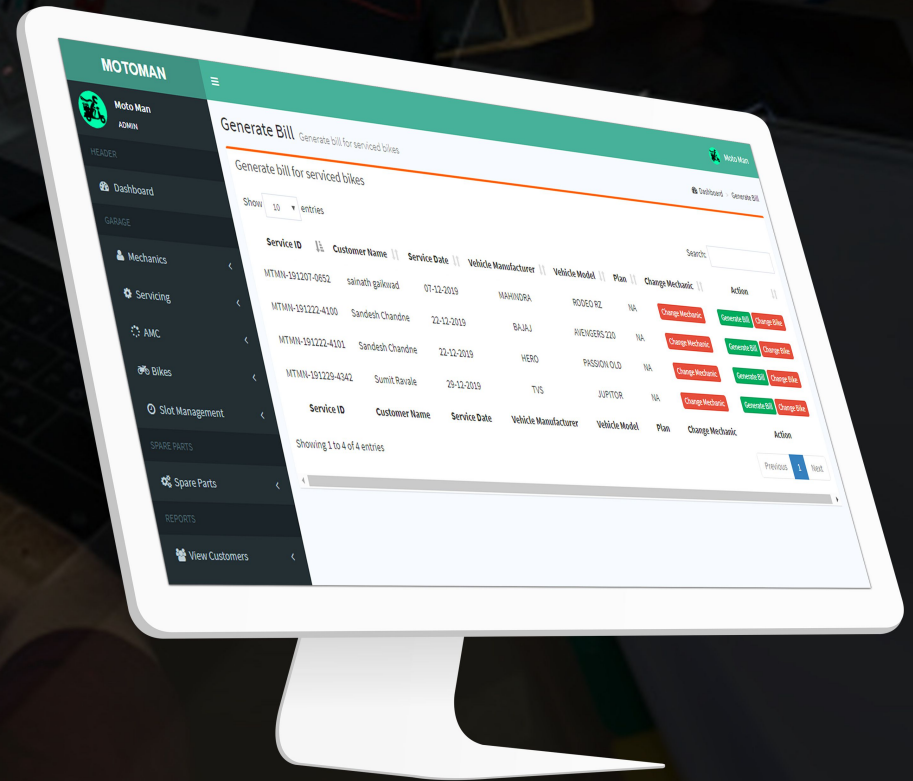

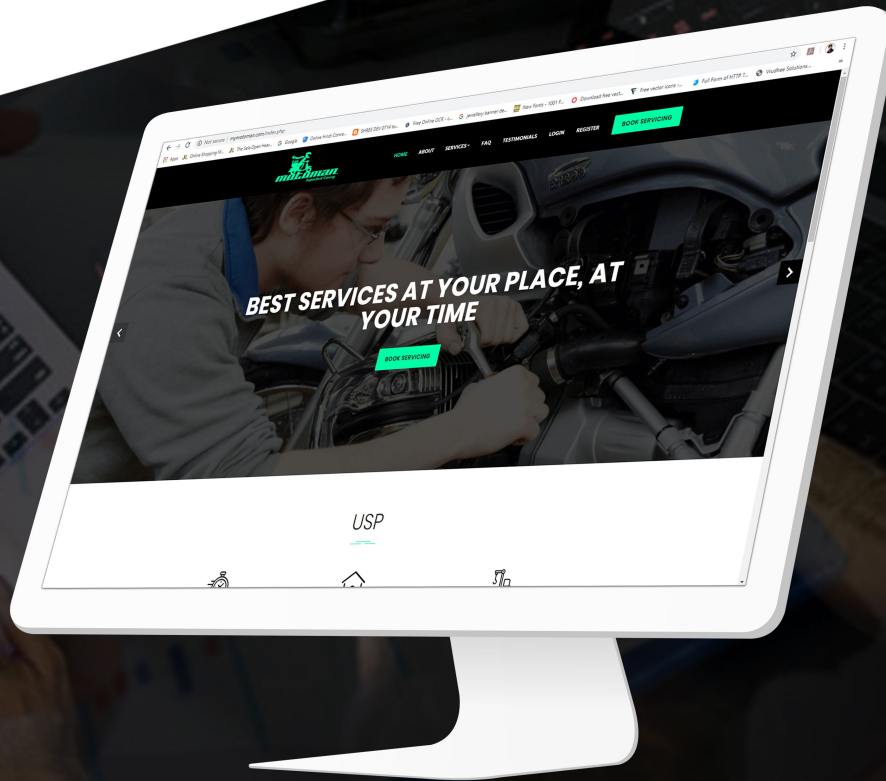

ERP system custom built for the India headquartered **LEAR Corporation**, a Fortune 500 company, engaged in the business of manufacturing and distribution of automotive seating and electrical distribution systems.

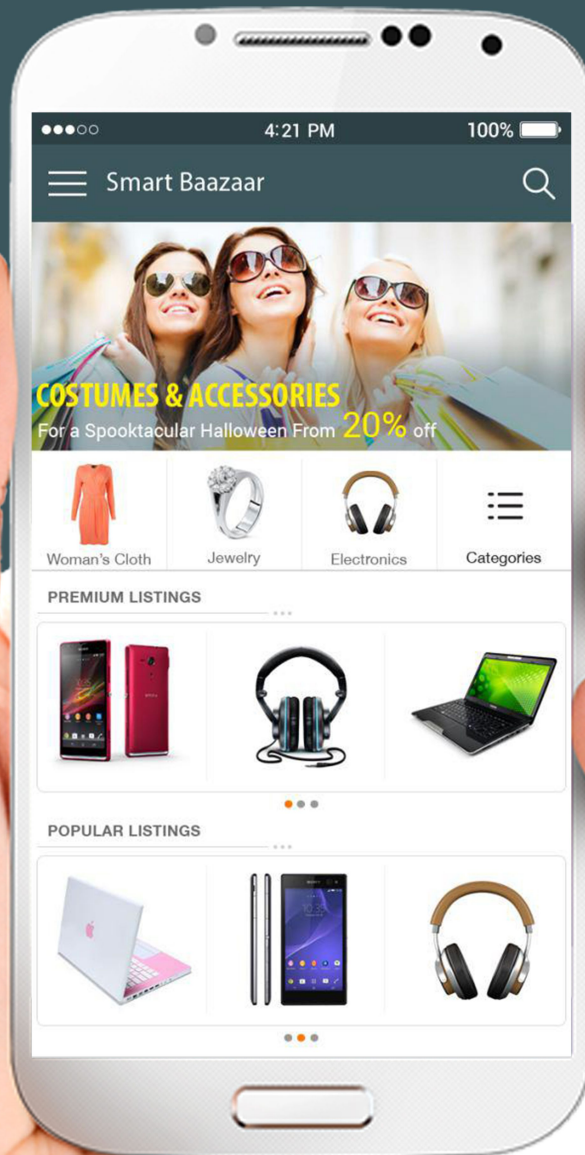

**Motoman** is started by the true vehicle enthusiasts. Motoman provides next generation one stop solution for your vehicle care and maintenance provided by advanced use of tech. Motoman is not a service aggregator but a full time force of automobile experts and enthusiasts.

The online booking system made it less time consuming and pleasant.

A complex classified advertising app with customized subscription management with a unique franchise module

**Jalgaon App**, one of the leading local business search engine. Search Anything, Anytime, Anywhere using Jalgaon App for Jalgaon District. You get Phone Numbers, Addresses, Best Deals, Latest Reviews and Ratings for all businesses instantly.

## **IN THE SERVICE SECTOR,**

clients often have immense expectations and the service provider has to leave no stone unturned for the desired result. Being young gives us an edge of agility, being focused gives us the advantage of pinpointing the work sphere, being open minded our client base is increasing, which is an obvious translation of our approach.

**IT ALL  
STARTS WITH  
A VISION**
